The story

The *Final Days* is the true story of Germany's most famous anti-Nazi heroine brought to life. Sophie Scholl is the fearless activist of the underground student resistance group, The White Rose. Using historical records of her incarceration, the film re-creates the last six days of Sophie Scholl's life: a journey from arrest to interrogation, trial and sentence in 1943 Munich. Unwavering in her convictions and loyalty to her comrades, her cross-examination by the Gestapo quickly escalates into a searing test of wills as Scholl delivers a passionate call to freedom and personal responsibility that is both haunting and timeless.

The White Rose

The **White Rose** was a non-violent, intellectual resistance group in Nazi Germany, consisting of students from the University of Munich and their philosophy professor. The group became known for an anonymous leaflet and graffiti campaign, lasting from June 1942 until February 1943, that called for active opposition to dictator Adolf Hitler's regime. The six most recognized members of the German resistance group were arrested by the Gestapo, tried for treason and beheaded in 1943. The text of their sixth leaflet was smuggled by the jurist Helmuth James Graf von Moltke out of Germany through Scandinavia to the United Kingdom, and in July 1943, copies of it were dropped over Germany by Allied planes, retitled "The Manifesto of the Students of Munich". Today, the members of the White Rose are honoured in Germany amongst its greatest heroes, since they opposed the Third Reich in the face of almost certain death.
